Safety / Security - PasswordKid:

PasswordKid (Pty) Ltd is Africa's largest child safety company offering advanced leading child safety innovative technologies. This system can help verify parents, transport drivers, or trustees when they come to pick up children from school.

1. Parental Delegation in Real Time

- Parents can instantly delegate a trusted individual to pick up or drop off their child via the app.
- The trustee receives an SMS with full pickup details.

2. Trustee Approval & Verification

- Trustees confirm their role through a secure dashboard.
- They must verify an OTP sent to their phone and choose either ID card or Face ID for school pickups.

3. Secure Child Pick-Up

- School officials verify trustees using Face ID or ID card scan.
- Two-factor authentication ensures only authorized individuals can collect children.
- The system displays all children the trustee is approved to pick up.

4. SMS Alerts

- Parents receive real-time SMS notifications when their child is picked up.

5. Child Check-In

- Trustees can also check children into school.
- Parents are notified via SMS once check-in is complete.
- Trustees are protected from false accusations with digital proof of check-in.

6. School Transportation

- Helps prevent children from boarding the wrong transport.
- Provides arrival time and safety confirmation to parents.

7. Saved Statements

- Parents can request official records of their child's pickups.

8. Peace of Mind

- Only authorized individuals can collect children.
- Eliminates confusion or unauthorized pickups—no more surprises

More information will be given to the Parent the first term in 2026. We want to use this system for safety and efficiency.

Please close all doors and gates, even if you only visit for a second. These gates are closed for safety reasons.

No child will be handed over to any other person but the parent, guardian or listed persons. Parents will be contacted to verify the person's identity.

Safety officers will be on duty from 06:30 to 17:30.

We also have a recording CCTV camera system in classes and outside areas including gates and parking area.
